Our week in review.....

March 28 – April 11, 2018

Savannah Trip

Our fifth grade students toured Savannah on their annual trip, March 29-30. 5th graders enjoyed learning about the history of Savannah as well as science concepts at the Marine Science Center on Tybee Island.

Second Grade Swim Lessons

Our second grade classes completed their lessons and received their Water Safety Certificate on the Friday before Spring Break!

Girls on the Run!

Girls on the Run held a practice run for their upcoming 5K run. Many teachers, parents, and staff were on hand to cheer the girls on.

Engaging Lessons

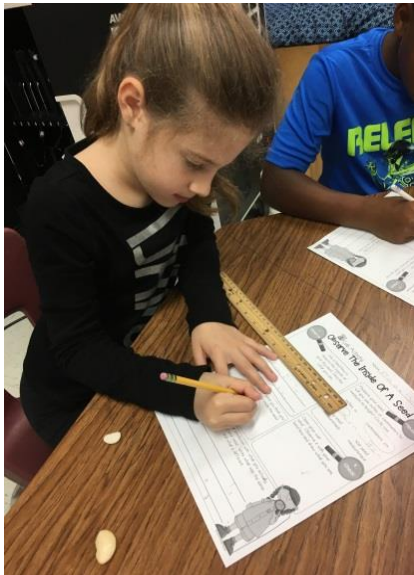

Kindergarten is having so much fun studying the life cycle of frogs. Every kindergarten class has real tadpoles in their classroom!!

First grade students proudly display their writing!

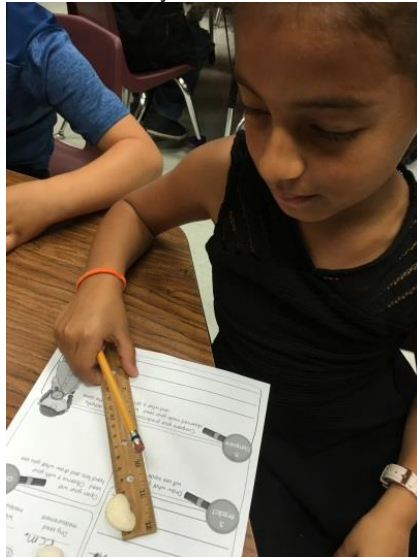

Second grade students are learning about plants in science. They measured and compared wet and dry beans. They have also been learning about how plants grow. They even planted beans in a bag to see them germinate!

Third grade classes had fun going to the other third grade classes and making a lot of projects like Colonial Americans would have done. We made butter out of cream and dolls out of yarn. We also dipped wicks to make candles, made soap, and punched holes in tin to make designs.

Written by Madison Bennett

5th grade has planted a Victory Garden to celebrate the end of learning about WWI and WWII and the victory gardens that the US citizens grew during these times.

Upcoming Events

April

- 12: PBIS Walkthrough**
